For use in the home

- Designed for intermittent use
- Compatible with commonly prescribed nebulizer medications

PHILIPS

Compressor Nebulizer System
Compact home-use device Fast, effective treatment, SideStream Disposable included

Highlights

For home use

Designed for intermittent use and suitable for the home, InnoSpire Essence provides the consistent delivery high-quality aerosol treatment that you can rely on.

Power and style all in one

InnoSpire Essence is designed to both fit your lifestyle and cope with frequent use. You can be confident that you will receive high quality aerosol for the life of the nebulizer.

Proven nebulizer technology

Reduced Treatment Times - Our Sidestream nebulizer is specially designed to keep your treatment times as short as possible. As the InnoSpire Essence pushes air through the tube, additional air is drawn in through the top of the nebulizer to create a fast flow of aerosol medication for you to inhale. Treatments can take as little as 6 minutes* Consistent delivery of high quality aerosol therapy - Sidestream is designed to withstand frequent and repeated use and will continue to efficiently deliver your nebulizer medication until it is time for replacement.

Versatility

Capable of nebulizing a wide variety of medications that are routinely with nebulizers used to treat various respiratory conditions.

Treatment time

InnoSpire Essence, combined with our SideStream nebulizer, is designed to provide fast drug delivery and short treatment times.
