

A new standard. A new choice.

Philips Respironics Nuance gel pillows platform

Designed around patients with a **fabric or gel padded frame option** for comfort

For the medical professional...

- The first mask with gel pillow technology, Nuance is designed to give your patients a new choice for comfort and performance
- A lightweight, minimal design – ideal for your patients who want to sleep freely
- Excellent sealing power from our unique gel pillows, plus increased stability provided by innovative non-slip headgear – helping you to support patient compliance

For the patient...

- Using gel technology, the Nuance platform is designed to provide a more comfortable and familiar feel
- A choice of either a fabric or gel padded frame for optimal comfort
- During our patient preference study, the Nuance platform was preferred over the leading nasal pillows mask for seal, comfort, ease of use and for less nasal irritation

Nuance mask with fabric frame and headgear	Inc. 3 sizes	1105161

Small

Medium

Large

Each package contains all three pillow sizes, which fit on the same frame.

Introducing innovation

Nuance's gel pillow technology creates its seal around the base of the nose, not inside – reducing nasal irritation and improving comfort.

* Comparative data available on file – vs. leading competitor nasal pillows masks
